My Forever

I should have known by your smile.
I could have seen it in your eyes —
The way you made me feel,
It all seemed so unreal.

Yet you are still by my side.
Yes, you are the man in my life.
I never felt this way before;
I can't get enough — give me more.

You are my sun —
You shine for me every day.
You are my moon —
At night you lighten up my way.

You turned my world upside down.
I wasn't prepared to stay in town.
Torn between my old life and my new,
The days we had left were only few.

This winding road ahead of us,
With so many unknowns to discuss,
So many stones on the way of separation
We made it work with dedication.

You are my star —
Your light will forever survive.
You are my wind —
You help carry me through life.

Today I am standing in front of you
To promise I will be true to you.
I promise I will stand by your side,
No matter what'll happen in life.

I love how easy it is to be with you,
To live, laugh, and even argue with you.
I love the way we support each other,
The way we always listen to one another.

I promise I will be patient with you,
Forever love, respect, and cherish you.
Be there for you in good times and in bad.
I love you from the bottom of my heart.
