I Hardly Know You

We used to be so close
Now you're a million miles away
We used to talk a lot
Now I hardly see your face

I remember when we vowed
We'd always stay this close
I used to look at you
And read the thoughts you never told

Now I never see you
I hardly hear from you
And if I do, it feels so wrong
Feels like I hardly know you
I hardly know you

We used to spend our nights
Talking 'til the morning light
I knew your ins and outs
Your secrets, fears, and doubts

We spent so much of our time
Together, side by side
And nothing ever seemed
Too hard for us to try

Now it seems I hardly know you
I can't understand you nor your truth
I wonder what happened, how we drifted apart
Still, I'll keep a place for you in my heart
A place for you in my heart

We used to be, we used to be, we used to be, oh oh oh
We used to be so close, so close, so close

We used to be so close
Now you're a million miles away
We used to talk a lot
Now I hardly see your face

Now I never see you
I hardly hear from you
And if I do, it feels so wrong
Feels like I hardly know you
I hardly know you
